huukhuongit.com

I am an experienced React Native Developer with more than 2 years of expertise in creating and managing mobile applications for both iOS and Android platforms. I am proficient in developing applications from inception to deployment on the App Store and Google Play Store.

Additionally, I possess backend knowledge, particularly with Laravel and NestJS, along with experience in DevOps utilizing Linux and NGINX gained through various freelance projects. My ultimate aim is to transition into a full-stack developer role.

## PROFESSIONAL EXPERIENCE

### CITEK ISD CORP

Ho Chi Minh City

Mobile Developer (React Native, Java)

Jul 2022 – Present

- Actively contributed to the maintenance and development of existing projects, ensuring they remain cutting-edge and aligned with market demands.
- Spearheaded the implementation of a highly efficient TypeScript-integrated source base for upcoming projects, enhancing development productivity and code quality.
- Advocated for the use of MobX for state management in mobile applications and websites, streamlining code complexity and optimizing team performance.
- Experienced in building mobile applications interfacing with CRM and MES systems.
- Integrate call-center module (VOIP24h) into the application.
- Managed and updated applications on AppStore and CHPlay, and facilitated new app submissions.
- Responsible for guiding the company's interns.

### Key projects (mobile apps):

- AVN MR: Ajinomoto Vietnam.
- ICT PDA and FMCG PDA (Android native): Digiworld Vietnam.
- DCare: Digiworld Vietnam.
- KCN CRM: KCN Vietnam.
- MP CRM: Minh Phu Seafood Corp.
- AC Library and AC CRM: An Cuong Wood - Working JSC.
- ITP MES: In Toan Phat

### ALTA SOFWARE

Ho Chi Minh City

React Native internship

Feb 2022 – Apr 2022

- Self-taught React Native by engaging in practical projects undertaken by the company and receiving valuable feedback from mentors.
- Developed problem-finding and problem-solving skills through hands-on experience in creating actual products.
- Gained proficiency in reporting and presenting ideas effectively while completing assigned tasks.

## EDUCATION

### Sai Gon University

Majoring in Information Technology, Software Engineering.

Information Technology

Sep 2019 - Apr 2024
